1.	The following aircraft were at the KOETHEN (M 52/D 95) airfield:	2
	Eight U-2s Six LAs	
,	Twelve Yak-9s Two Boston-11Is.	
	Local flying was done with the Ya. fighters.	
Х 2.	personnel were stationed at the earfield. All officers and	
	flying personnel were decorations. The units were relieved by personnel from the MOSCOW area.	
3.		
J.	The construction of garages for tank trucks and large earthbunkers, apparently storing facilities for fuel barrels, was going on.	
4.	antiaircraft guns were not observed in the vicinity of the air-

ì	The following motor vehicles were seen at the field: 25X10 Comment: The observed aicraft types indicate that the occupation of the KOETHEN airfield has not changed since late July 1949. It is "till assumed that both a fighter regiment, equipped with Yeles."	
ì	The following motor vehicles were seen at the field: 25X10 Comment: The observed aicraft types indicate that the occupation of the KOETHEN airfield has not changed since late July 1949. It is "till assumed that both a fighter regiment, equipped with Yeks, are air recommaissance regiment, equipped with Boston-IIIs and Las, are stationed at the airfield. This assumption is	
ì	The following motor vehicles were seen at the field: 25X10 Comment: The observed airraft types indicate that the occupation of the KOETHEN airfield has not changed since late July 1949. It is still assumed that both a fighter regiment, equipped with Yeks, and an air recommaissance regiment, equipped with Boston-Ills and Las, are stationed at the airfield. This assumption is supported by the reported motor vehicle numbers. The attached 4 photographs, which were taken at the KOETHEN airfield continues.
